

What is "Above the Knee?"

Skirt, skort, and dress length should show the knees at the bottom of the hem. Think of the length as "at the knee". This assures ease of movement and modesty in play, and in sitting on the floors/alternate seating in our classrooms. This length of skirt, skort, and dress is the best fit for students in grades K-8 at OAKS. See pictures for help.

SKIRT (Length style)
